Essay

Paul Kagame said that *"Real solutions cannot come from anywhere else but from within"*. At A.D.U we aspire to develop problem solvers. We ask our students to use their boldest imagination to create innovative, practical solutions for Africa and the world. Please answer the below essay question to tell us about a time when you demonstrated your leadership potential.

In 300 to 500 words, describe a time when you identified a need in your community (such as your family, school, village, or city) and took action.

What need did you identify?

How did you address this need?

What was the outcome?

What did you learn?

We suggest you write the essay in a word processor such as Microsoft Word, and then paste your final essay into the application. To check the word count, we suggest you use wordcounter.io
